Who: To culminate National Preparedness Month, the Orange County Fire Authority (OCFA), Anaheim Fire & Rescue and Albertsons|Vons|Pavilions are partnering to raise awareness for disaster planning and to show how easy and inexpensive it is to put together an emergency preparedness kit.

What: OCFA, Anaheim Fire & Rescue and Albertsons|Vons|Pavilions invite you to the Anaheim Hills Vons to demonstrate the importance of every family having a disaster preparedness kit in their home and car, and how easily these kits can be put together. With an approved list in hand, children escorted by firefighters and store representatives, will demonstrate how easy it is to walk around the store and collect some very basic items for an emergency kit. There will also be a display table of essential items, as well as pre-assembled kits in backpacks for additional convenience. The OCFA and Anaheim Fire say, "If you are prepared for an earthquake or fire, you are prepared for any disaster or emergency."

Speakers at this event will include the following representatives:

- Kristina Hamm (OCFA)
- Daron Wyatt (Anaheim Fire & Rescue)
- Carlos Illingworth (Albertsons|Vons|Pavilions)

When: **Wednesday, September 30, 2015 at 12:45 p.m.**
