Home Escape Plan

Use the space below to make an escape plan for your home and family.

1. Draw a floor plan or map of your home including all doors and windows.
2. Mark two ways out of every room.
3. Pick an outside meeting place in front of and a safe distance from your home.
4. Practice your escape plan twice a year. Teach children to escape on their own.
5. If the smoke alarm sounds, get out immediately and call 9-1-1 from outside the home.
