Summary

This agenda item is submitted for approval of the updated Community Risk Reduction and Miscellaneous Fee Schedules.

Prior Board/Committee Action

On June 27 2024, the Board of Directors reviewed and approved Resolution No. 2024-04 approving changes in Community Risk Reduction and Miscellaneous Fees by a 21-0 vote (Directors Nguyen, Lumbard, Mallari, and Shawver absent).

On June 11, 2025, the Budget and Finance Committee reviewed the proposed agenda item and directed staff to place the item on the Board of Directors agenda by a vote of 9-0.

RECOMMENDED ACTION(S)

- 1. Conduct a Public Hearing.
- 2. Find that, in accordance with California Government Code Section 66014, the proposed fees do not exceed the cost of providing services and are only for the purpose of meeting operational expenses and are, therefore, exempt from compliance with the California Environmental Quality Act pursuant to Public Resources Code Section 21080.
- 3. Approve and adopt Resolution entitled A RESOLUTION OF THE BOARD OF DIRECTORS OF THE ORANGE COUNTY FIRE AUTHORITY AMENDING RESOLUTION 2024-04 REGARDING COMMUNITY RISK REDUCTION AND MISCELLANEOUS FEE SCHEDULES.

Impact to Cities/County

Not applicable.

Fiscal Impact

The proposed fee schedule (including the exemptions policy) is estimated to result in an approximate \$376,452 increase in cost recovery from the FY 2025/26 adopted fees, depending upon volume of activity.

Increased Cost Funded by Structural Fire Fund: \$0 Increased Cost Funded by Cash Contract Cities: \$0

Background

The OCFA's Community Risk Reduction fees were first adopted by the County effective July 1, 1991, and were subsequently updated in 1997, 2002, 2007, 2012, 2014, 2015, 2017, and 2022. Per the Board fee resolution adopted on April 28, 2022, the Community Risk Reduction Fees and Charges Schedules shall be adjusted each succeeding year commencing in 2023, unless a comprehensive fee study is conducted prior to implementation of such an adjustment. The fee adjustments will be the same as the percentage adjustments in the Authority salary and employee benefits provided for in the Memoranda of Understanding for the General and Supervisory Units until such time as a new comprehensive fee study is conducted. The adjustments will not exceed the cost of providing these services. The proposed fee adjustment, based on the salary and employee benefit changes, is 4.12% (Attachment 4), and the updated Community Risk Reduction Fees Resolution for the Exemptions and Exceptions Policy as Attachment 1.

Miscellaneous Fees

The proposed changes to the Miscellaneous Fees Schedule (Attachment 3) will bring the fees into compliance with the Public Records Act and consistent with the Government Code. These fees are charged when staff responds to a Public Records Request that require specialized information or reports and/or copies of existing documents.

WAIVER OF FEES

The above fees may be waived at the discretion of the Section Manager concerned when it is clear that the general public and/or the OCFA will benefit by providing the service at no cost.

- 1. Fee waivers may apply in the following situations:
 - A. Requests made by City Officials, Board Members, or similar parties for official business purposes.
 - B. Requests from individuals or organizations directly involved in matters pending before the Board of Directors or Executive Committee, such as public hearings or legal notifications.
 - C. Requests from other public agencies, including law enforcement or the District Attorney, as part of a cooperative information exchange.
- 2. If a request does not clearly meet these criteria, the decision to waive the fee will be made by the Fire Chief or their designee.

LATE FEES

A 10% late fee may be assessed on past due accounts if payment is not received by the original due date. Late fee assessments applicable to this policy include, but are not limited to:

- Ambulance Advanced Life Support (ALS)/Basic Life Support (BLS) supply reimbursements
- Fire Prevention Activities
- Special Activities requiring a permit
- Any other OCFA miscellaneous billings including but not limited to Fire Restitution

*The California Public Records Act provides that a fee may be charged to cover the *direct costs* incurred in duplicating records or information requested. In most scenarios, requesters are only responsible for the direct cost associated with producing duplicate copies of the records in physical or electronic form, not including the costs of staff time conducting searches. However, requests are subject to charge when the electronic records sought require data compilation, extraction, or programming to produce the record. A deposit in advance will be required prior to production.
